

Professional Learning Day Plan – September 19, 2025

Harrison Trimble High School

The following is a brief description of our planned professional learning work for September 19. This work is organized around our district's four collective goals:

- All students shall read, write, and communicate at grade level in both languages of instruction.
- All students shall be at grade level in numeracy.
- All students and staff will feel safe, cared for, and engaged in learning.
- All students shall graduate from high school.

School staff will monitor the impact of their work from September 19, and on subsequent professional learning days, in achieving these goals.

Literacy

- Teachers will develop real-time assessments to strengthen content literacy in every subject.
- Staff will use these practices to improve academic achievement and critical thinking.

Numeracy

- Teachers will embed real-time numeracy checks into backward design plans to track student understanding.

Safe, Cared For, and Engaged

- Staff will strengthen their knowledge of personalized learning plans and accommodations to better support students with exceptionalities.
- Teachers will partner with resource staff to ensure consistent, effective support.

Graduation

- Staff will develop real-time assessment practices to improve attendance and engagement, keeping students on track to graduate.
- Staff will strengthen collaboration and develop strategies to help students learn to advocate for themselves.
