

HARRISON TRIMBLE HIGH SCHOOL

PROFESSIONAL LEARNING DAY | OCTOBER 9, 2026

OUR IMPROVEMENT FOCUS

Teachers will use varied assessment strategies, with an emphasis on real-time assessment, to improve student achievement, attendance and independence.

REAL-TIME ASSESSMENT: An opportunity to notice what students understand while learning is happening, so we can respond while it still matters.

HOW OCTOBER 9 SUPPORTS THIS WORK

01

SHARING EFFECTIVE RTA PRACTICES

Teachers will share experiences implementing RTAs in their classrooms, with a focus on practical and efficient approaches to collecting assessment data.

02

USING DATA TO MONITOR PROGRESS

Dedicated time will allow teachers to enter assessment data into PowerSchool and complete SIP monitoring forms for their RTA data.

03

TARGETED WORKLOAD SUPPORT

Teachers will choose two sessions based on their needs: mail merges, myBlueprint, scaffolding for long-term planning, PLPs, or Copilot.

04

COLLABORATION & COMMUNICATION

The day will conclude with dedicated time for staff collaboration and communication to connect, plan, problem-solve, and move shared work forward.

CONNECTED TO OUR DISTRICT IMPROVEMENT GOALS

LITERACY

Read, write and communicate at grade level in both languages of instruction.

NUMERACY

Achieve at grade level in numeracy.

WELL-BEING & ENGAGEMENT

Feel safe, cared for and engaged in learning.

GRADUATION

Support every student toward high school graduation.

2025/2026 PILOT PROFESSIONAL LEARNING IMPACT AT HTHS

- Increased student academic performance
- Decreased student chronic absenteeism
- Increased student engagement
- Teachers reported increased collective efficacy with assessment practices
